CM Greene wants to make sure that there is some sort of notification of the sign change to the public. Street will add the sign.

c. Cooperative street paving on Hemlock Street partnership with Parkville Water and City of Leadville

Cody Hall: Explained that if they worked with the City Street Department and worked together and shared costs, they could pave an entire block instead of digging a huge trench and continue to patch up the roads. It would be half the cost for the city. They have a project coming up on Hemlock and thinks it would be a good time to work together. The cut would be about ten feet wide, but Parkville would pay half of a full pavement which would be 30 feet wide. CM Roti concerned with allocating \$100k/year. CM Roti wants this to be a budget discussion. Mayor Labbe explained that he is throwing out an idea and would like to have City Council sit down and discuss priorities as a city. This is a thought process that feels like an opportunity to make dollar go further. ASM Dallas questioned if they have reached out to the county? Finance Manager explained the reserve amount and how quickly money could go for a project of this size. ASM Dallas explained there is likely not a significant amount of grant funding for something like this. She also explained that the decision to put something like a user fee on the ballot it would need to be at least a full year in advance. CM Greene likes this idea and wants to continue to discuss. Mayor Labbe would like to entertain a motion to allocate up to \$20k for this project from the general fund. CM Roti could not support it since it's last minute and wants more discussion and planning at this point. CM Gowing questioned the estimate for the timeframe for the section between 11<sup>th</sup> and 12<sup>th</sup>, he explained it would be 1-2 days to remove asphalt and then replacement of mainline to be put in could be 1-2 weeks, prep work for paving about 2 days and then 1-1 ½ days for paving. He would pull up the entire street and would keep East 11 & 12 open with road base. 7:35 PM 10. Financials
